1. Introduction

The **International Automobile Industry Awards 2027** Handbook has been developed to provide comprehensive guidance on the Awards Program, including its categories, eligibility requirements, evaluation criteria, and judging process.

The Awards aim to recognize and celebrate outstanding achievements, innovation, leadership, sustainability, and excellence across the automobile industry while ensuring a transparent, credible, and internationally recognized evaluation process. This handbook serves as the official reference for all applicants, judges, partners, and stakeholders participating in the 2027 Awards Program.

2. Objectives

1. Recognize outstanding achievements, innovation, and excellence across all sectors of the automobile industry.
2. Encourage organizations and professionals to adopt international best practices, quality standards, and continuous improvement.
3. Promote sustainability, green technologies, road safety, customer satisfaction, and responsible business practices.
4. Inspire healthy competition while fostering collaboration and knowledge sharing within the industry.
5. Encourage excellence in leadership, strategic management, human resource development, and organizational governance.
6. Promote digital transformation, automation, and technological advancement to enhance productivity and long-term sustainability.
7. Support organizations in transforming into results-oriented, innovative, and future-ready enterprises that contribute to the growth of the automobile industry.

3. Awards Ceremony

- **Date** : June 2027
- **Venue** : To be confirmed
- **Dress Code** : Black Tie / Suit for Gentlemen
Evening Wear for Ladies
- **Jury Panel** : National Productivity Secretariat (NPS),
Industry professionals, and the Sri Lanka
Institute of Marketing (SLIM)

4. Initial Shortlisting (Eligibility & Mandatory Qualifications)

All nominations received for the International Automobile Industry Awards 2027 will undergo an initial screening process to verify their eligibility.

Applicants will be shortlisted according to their respective industry sectors, award categories, and sub-categories to ensure fair and objective evaluation among organizations and individuals operating within similar fields.

To qualify for the final evaluation, nominees must:

- Submit a completed nomination/application within the specified deadline.
- Meet all eligibility requirements relevant to the selected award category.
- Provide accurate and verifiable supporting documents and evidence.
- Demonstrate compliance with applicable legal, regulatory, and ethical standards.
- Satisfy the mandatory qualification criteria established by the Awards Organizing Committee.

Only applications that successfully meet the initial eligibility requirements will proceed to the detailed evaluation and final judging stages.

4.1 Organizational Category Classification

No	Category	No. of Employees	Annual Revenue (LKR)
1	Micro	Less than 5	Less than 20 million
2	Small	5 – 50	20 million – 350 million
3	Medium	51 – 100	350 million – 1 billion
4	Enterprise	More than 100	Over 1 billion

4.2 Individual Category Classification

Category	Experience (Years)	Description
Novice	Less than 5 years	Individuals with under 5 years of experience in the sub sector after obtaining appropriate qualifications
Qualified	5 – 15 years	Individuals with 5 to 15 years of experience in the sub sector and holds appropriate qualifications
Professional	Over 15 years	Individuals with more than 15 years of experience in the sub sector or holds an reputed professional qualification

5. Evaluation Criteria

No	Category	Marks	Special Awards
01	Leadership	140	“Industry Leader” in the sub sector Award
02	Human Resource Management	120	“Most Professional” award
03	Operations & Process Management	150	
04	Customer Focus & Service Excellence	90	
05	Digitalization & Technology	80	Most “Technologically advanced” award
06	Financial & Business Performance	65	Consumers choice award (50% public votes applied as per section 7)
07	Innovation & Industry Contribution	70	
08	Results, Achievements & Future Direction	85	
09	Category Questions	200	
Total		1,000	Award for the “Best of the sub sector”

5.1 Minimum Marks

Minimum 40% marks on respective category or from the Total is required, in order to be considered for the awards.

In the final stage of assessment, scores shall be allocated according to a weighted ratio established by the Jury Panel for each award category in which public voting constitutes a component of the evaluation. The weighting framework shall be designed to ensure that both expert judgment and public opinion are appropriately represented, thereby upholding the principles of fairness, transparency, and inclusive throughout the selection process

6. Organizational Marking Scheme

GENERAL ORGANIZATIONAL QUESTIONS

1. Leadership (140)				
No	Category	Criteria	Marks	Full Marks
1.1	Vision, Mission & Strategy	1.1.1. What is your organization's Vision and Mission, and how are they communicated to employees and stakeholders? Please provide relevant supporting evidence to support your answer.	5	28
		1.1.2. How do you ensure that your Mission, Vision, organizational values, and strategic direction are effectively implemented across all levels of the organization? Please provide relevant supporting evidence to support your answer.	5	
		1.1.3. How is your long-term business strategy aligned with current and future trends in the Sri Lankan and global automobile industry? Please provide relevant supporting evidence to support your answer.	6	
		1.1.4. How are strategic objectives established, monitored, reviewed, and communicated by leadership? Please provide relevant supporting evidence to support your answer.	6	
		1.1.5. What measurable results have been achieved through the implementation of your organization's strategy? Please provide relevant supporting evidence to support your answer.	6	

1.2	Ethics & Compliance	1.2.1. What policies, systems, and practices ensure transparency, fairness, integrity, accountability, and ethical behavior in your operations? Please provide relevant supporting evidence to support your answer.	5	28
		1.2.2. How do you maintain trust and transparency with customers, employees, suppliers, business partners, regulators, and other stakeholders? Please provide relevant supporting evidence to support your answer.	5	
		1.2.3. How do you ensure compliance with applicable laws, regulations, industry standards, safety requirements, environmental requirements, and quality standards? Please provide relevant supporting evidence to support your answer.	6	
		1.2.4. How does your organization ensure fair, transparent, and responsible pricing and business practices? Please provide relevant supporting evidence to support your answer.	6	
		1.2.5. What systems are used to identify, monitor, prevent, and address ethical, legal, regulatory, and compliance-related risks? Please provide relevant supporting evidence to support your answer.	6	

1.3	Decision-Making & Leadership Transparency	1.3.1. How are key strategic and operational decisions made within your organization? Please provide relevant supporting evidence to support your answer.	5	28
		1.3.2. How are important decisions, policies, changes, and strategic priorities communicated to employees and relevant stakeholders? Please provide relevant supporting evidence to support your answer.	5	
		1.3.3. How does leadership ensure accountability, transparency, responsibility, and ownership at all levels? Please provide relevant supporting evidence to support your answer.	6	
		1.3.4. How do you monitor the effectiveness and outcomes of major organizational decisions? Please provide relevant supporting evidence to support your answer.	6	
		1.3.5. How are employees encouraged to provide feedback, suggestions, ideas, and participate in organizational decision-making? Please provide relevant supporting evidence to support your answer.	6	

	1.4 Corporate Social Responsibility & Sustainability	1.4.1. What CSR initiatives, community programs, training programs, scholarships, industry development programs, and On-the-Job Training (OJT) contributions has your organization implemented? Please provide relevant supporting evidence to support your answer.	5	28
		1.4.2. What environmental sustainability initiatives have you implemented during the last two years? Please provide relevant supporting evidence to support your answer.	5	
		1.4.3. What measurable social, economic, or environmental impact have these CSR and sustainability initiatives created? Please provide relevant supporting evidence to support your answer.	6	
		1.4.4. How have your CSR and sustainability initiatives contributed to relevant United Nations Sustainable Development Goals (SDGs)? Please provide relevant supporting evidence to support your answer.	6	
		1.4.5. How do you monitor, evaluate, document, and report the performance and impact of your CSR and sustainability initiatives? Please provide relevant supporting evidence to support your answer.	6	

1.5	Innovation, Sustainability & Adaptability	1.5.1. What technologies, innovations, digital solutions, or sustainable practices have you adopted to improve efficiency, productivity, quality, safety, or environmental performance? Please provide relevant supporting evidence to support your answer.	5	28
		1.5.2. How does your organization respond to market changes, economic challenges, technological developments, customer expectations, and emerging industry trends? Please provide relevant supporting evidence to support your answer.	5	
		1.5.3. How do you promote a culture of continuous learning, innovation, sustainability, adaptability, and improvement? Please provide relevant supporting evidence to support your answer.	6	
		1.5.4. How do you identify, evaluate, test, and implement emerging technologies and new business opportunities? Please provide relevant supporting evidence to support your answer.	6	
		1.5.5. What measurable improvements have resulted from your innovation, sustainability, and adaptability initiatives? Please provide relevant supporting evidence to support your answer.	6	

2. HUMAN RESOURCE MANAGEMENT (120)

No	Category	Criteria	Marks	Full Marks
2.1	Recruitment & Equal Opportunity	2.1.1. What is your recruitment process, and how do you ensure fairness, transparency, merit-based selection, and equal opportunity? Please provide relevant supporting evidence to support your answer.	4	24
		2.1.2. How do you promote diversity, inclusion, equal employment opportunities, and a respectful workplace? Please provide relevant supporting evidence to support your answer.	5	
		2.1.3. How do you identify the knowledge, skills, qualifications, competencies, and experience required for different positions? Please provide relevant supporting evidence to support your answer.	5	
		2.1.4. How do you onboard, orient, train, and integrate new employees into the organization? Please provide relevant supporting evidence to support your answer.	5	
		2.1.5. What measurable improvements or results have been achieved through your recruitment and employee integration practices? Please provide relevant supporting evidence to support your answer.	5	

2.2	Training Development &	2.2.1. How do you identify employee training, competency, up skilling, and professional development needs? Please provide relevant supporting evidence to support your answer.	4	24
		2.2.2. What technical, professional, leadership, up skilling, reskilling, and career development programs are available to employees? Please provide relevant supporting evidence to support your answer.	5	
		2.2.3. How do you provide continuous technical training to keep employees updated with modern automotive technologies, diagnostic systems, EVs, hybrids, electronics, and industry developments? Please provide relevant supporting evidence to support your answer.	5	
		2.2.4. How do you measure the effectiveness and impact of employee training programs? Please provide relevant supporting evidence to support your answer.	5	
		2.2.5. What measurable improvements in employee skills, productivity, performance, quality, efficiency, or career development have resulted from your training programs? Please provide relevant supporting evidence to support your answer.	5	

2.3	Employee Welfare & Engagement	2.3.1. What initiatives support employee health, safety, welfare, wellbeing, work-life balance, and workplace security? Please provide relevant supporting evidence to support your answer.	4	24
		2.3.2. What reward, recognition, incentive, promotion, and performance appreciation systems are in place? Please provide relevant supporting evidence to support your answer.	5	
		2.3.3. How do you maintain employee motivation, satisfaction, engagement, loyalty, and retention? Please provide relevant supporting evidence to support your answer.	5	
		2.3.4. How do you identify, manage, and resolve employee concerns, grievances, conflicts, and workplace challenges? Please provide relevant supporting evidence to support your answer.	5	
		2.3.5. What measurable results demonstrate the effectiveness of your employee welfare and engagement initiatives? Please provide relevant supporting evidence to support your answer.	5	

2.4	Teamwork & Organizational Culture	2.4.1. How do you promote effective internal communication, teamwork, collaboration, and knowledge sharing? Please provide relevant supporting evidence to support your answer.	4	24
		2.4.2. How do different departments and teams work together to achieve organizational objectives? Please provide relevant supporting evidence to support your answer.	5	
		2.4.3. What initiatives have you implemented to strengthen organizational culture, professionalism, discipline, and employee ownership? Please provide relevant supporting evidence to support your answer.	5	
		2.4.4. How do you encourage teamwork, leadership development, employee participation, innovation, and continuous improvement? Please provide relevant supporting evidence to support your answer.	5	
		2.4.5. What measurable improvements have resulted from your teamwork and organizational culture initiatives? Please provide relevant supporting evidence to support your answer.	5	

2.5	HR Digitalization, Records & Performance Management	2.5.1. What HR software or digital systems are used to manage employee records and HR activities? Please provide relevant supporting evidence to support your answer.	4	24
		2.5.2. How are employee attendance, working hours, shifts, overtime, and leave managed? Please provide relevant supporting evidence to support your answer.	5	
		2.5.3. How are payroll, overtime, allowances, deductions, and employee benefits managed and verified? Please provide relevant supporting evidence to support your answer.	5	
		2.5.4. How are employee performance, KPIs, training, promotions, and career development monitored? Please provide relevant supporting evidence to support your answer.	5	
		2.5.5. How is employee data and HR analytics used for workforce planning, productivity, retention, and decision-making? Please provide relevant supporting evidence to support your answer.	5	

3. OPERATIONS & PROCESS MANAGEMENT (150)

No	Category	Criteria	Marks	Full Marks
3	Operations Process Management	3.1. How do you ensure efficiency, productivity, consistency, and reliability in your operational processes? Please provide relevant supporting evidence to support your answer.	30	150
		3.2. What systems, procedures, standards, SOPs, workflow controls, and quality-control mechanisms are used to maintain product or service quality? Please provide relevant supporting evidence to support your answer.	30	
		3.3. How do you monitor operational performance, identify bottlenecks, and implement continuous improvement? Please provide relevant supporting evidence to support your answer.	30	
		3.4. What major operational improvements have you implemented during the last two years, and what measurable results have been achieved? Please provide relevant supporting evidence to support your answer.	30	
		3.5. How do you manage operational risks, workplace safety, resource utilization, equipment maintenance, environmental risks, and business continuity? Please provide relevant supporting evidence to support your answer.	30	

4. CUSTOMER FOCUS & SERVICE EXCELLENCE(90)

No	Category	Criteria	Marks	Full Marks
4	Customer focus & Service excellence	4.1. How do you identify, understand, monitor, and respond to customer needs, expectations, and changing requirements? Please provide relevant supporting evidence to support your answer.	18	90
		4.2. What systems and procedures are in place to ensure consistent customer satisfaction, service quality, professionalism, safety, and reliability? Please provide relevant supporting evidence to support your answer.	18	
		4.3. How do you collect, monitor, analyze, and respond to customer feedback, complaints, reviews, suggestions, and service issues? Please provide relevant supporting evidence to support your answer.	18	
		4.4. What significant improvements have you made based on customer feedback and customer insights? Please provide relevant supporting evidence to support your answer.	18	
		4.5. What measurable indicators do you use to evaluate customer satisfaction, loyalty, retention, repeat business, complaints, turnaround time, and service performance? Please provide relevant supporting evidence to support your answer.	18	

5. DIGITALIZATION & TECHNOLOGY(80)				
No	Category	Criteria	Marks	Full Marks
5	Digitalization & Technology	5.1. What digital tools, software, management systems, diagnostic systems, ERP/CRM platforms, communication platforms, and technology solutions are currently used? Please provide relevant supporting evidence to support your answer.	10	80
		5.2. How has digital transformation improved operational efficiency, productivity, quality, customer experience, reporting, or management decision-making? Please provide relevant supporting evidence to support your answer.	10	
		5.3. What new technologies, automation systems, digital platforms, Artificial Intelligence (AI) solutions, or advanced automotive technologies have you introduced during the last two years? Please provide measurable results. Please provide relevant supporting evidence to support your answer.	10	
		5.4. What future technologies, automation, AI, EV/hybrid technologies, digital platforms, or smart systems are you planning to adopt? Please provide relevant supporting evidence to support your answer.	10	
		5.5. How do you ensure data security, digital reliability, responsible technology use, system continuity, cyber security awareness, and employee readiness for digital transformation? Please provide relevant supporting evidence to support your answer.	10	

		5.6. What software or digital systems are used to manage workshop operations, including job cards, service records, inventory, invoicing, scheduling, and customer records? Please provide relevant supporting evidence to support your answer.	15	
		5.7. How have digital systems improved workshop efficiency, productivity, service quality, customer satisfaction, turnaround time, and decision-making? Please provide relevant supporting evidence to support your answer.	15	
6. FINANCIAL & BUSINESS PERFORMANCE(65)				
No	Category	Criteria	Marks	Full Marks
6	Financial & Business performance	6.1. How do you manage financial planning, budgeting, cash flow, cost control, financial reporting, investment decisions, and financial risks? Please provide relevant supporting evidence to support your answer.	13	65
		6.2. What strategies and initiatives have you implemented to improve profitability, cost efficiency, productivity, revenue generation, and financial sustainability? Please provide relevant supporting evidence to support your answer.	13	
		6.3. Please describe your organization's business performance over the last three years. Include year-on-year growth percentages for revenue, profit, sales, production, or customer base, where applicable. Please provide relevant supporting evidence to support your answer.	13	

		6.4. What major investments, business expansions, new services, new facilities, equipment investments, technology investments, or strategic financial decisions have contributed to organizational growth? Please provide relevant supporting evidence to support your answer.	13	
		6.5. What key financial and business-performance indicators do you use to monitor organizational success, and what measurable improvements have been achieved? Please provide relevant supporting evidence to support your answer.	13	
7. INNOVATION & INDUSTRY CONTRIBUTION (70)				
No	Category	Criteria	Marks	Full Marks
7	Innovation & Industry contribution	7.1. What significant innovations, new products, services, technologies, processes, or business models has your organization introduced? Please provide relevant supporting evidence to support your answer.	14	70
		7.2. What specific customer, operational, technical, environmental, or industry problems or opportunities have these innovations addressed? Please provide relevant supporting evidence to support your answer.	14	
		7.3. How does your organization contribute to the development, modernization, professionalization, and advancement of the Sri Lankan automobile industry? Please provide relevant supporting evidence to support your answer.	14	

		7.4. What major challenges have you faced during innovation, modernization, expansion, or business development, and how did you overcome them? Please provide relevant supporting evidence to support your answer.	14	
		7.5. What measurable impact have your innovations or industry contributions created for customers, employees, your organization, or the automobile industry? Please provide relevant supporting evidence to support your answer.	14	
8. RESULTS, ACHIEVEMENTS & FUTURE DIRECTION (85)				
No	Category	Criteria	Marks	Full Marks
8	Results, achievements & Future direction	8.1. What are your organization's key achievements during the past three years? Please provide relevant supporting evidence to support your answer.	17	85
		8.2. What measurable outcomes demonstrate your organization's success? Please provide relevant statistics, percentages, performance indicators, comparisons, and supporting evidence. Please provide relevant supporting evidence to support your answer.	17	

		8.3. What are the three most significant measurable achievements of your organization during the last three years, and what evidence supports each achievement? Please provide relevant supporting evidence to support your answer.	17	
		8.4. What are your organization's future goals, strategic priorities, expansion plans, technology plans, sustainability targets, and investment priorities? Please provide relevant supporting evidence to support your answer.	17	
		8.5. How will your organization contribute to the future development, transformation, professionalization, innovation, and sustainability of the automobile industry? Please provide relevant supporting evidence to support your answer.	17	

Category Questions

1. TWO-WHEELER ASSEMBLERS(200)				
No	Category	Criteria	Marks	Full Marks
1	Two-Wheeler Assemblers	1.1. What are your current two-wheeler assembly capabilities, production capacity, annual production volume, and market coverage? Please provide relevant supporting evidence to support your answer.	40	200
		1.2. What assembly technologies, automation systems, quality-control systems, and production processes are used in two-wheeler manufacturing? Please provide relevant supporting evidence to support your answer.	40	
		1.3. What measures have you implemented to reduce energy consumption, emissions, waste, and environmental impact in two-wheeler assembly operations? Please provide relevant supporting evidence to support your answer.	40	
		1.4. What major innovations, process improvements, or new technologies have you introduced in two-wheeler assembly during the last three years? Please provide relevant supporting evidence to support your answer.	40	
		1.5. What measurable growth have you achieved in two-wheeler production, sales, market share, customer base, or operational performance? Please provide relevant supporting evidence to support your answer.	40	

2. FOUR-WHEELER ASSEMBLERS(200)

No	Category	Criteria	Marks	Full Marks
2	Four-wheeler assemblers	2.1. What are your current four-wheeler assembly capabilities, production capacity, annual production volume, and market coverage? Please provide relevant supporting evidence to support your answer.	40	200
		2.2. What assembly technologies, automation systems, robotics, quality-control systems, and production processes are used in four-wheeler manufacturing? Please provide relevant supporting evidence to support your answer.	40	
		2.3. What measures have you implemented to reduce energy consumption, emissions, waste, and environmental impact in four-wheeler assembly operations? Please provide relevant supporting evidence to support your answer.	40	
		2.4. What major innovations, process improvements, automation technologies, or new manufacturing systems have you introduced in four-wheeler assembly during the last three years? Please provide relevant supporting evidence to support your answer.	40	
		2.5. What measurable growth have you achieved in four-wheeler production, sales, export performance, market presence, or overall business performance? Please provide relevant supporting evidence to support your answer.	40	

3. SERVICE INDUSTRY(200)

No	Category	Criteria	Marks	Full Marks
3	Service Industry	3.1. What automotive services and specialized services does your organization provide, and what is the scale of your operations? Please provide relevant supporting evidence to support your answer.	40	200
		3.2. How do you ensure professional service quality, accurate diagnosis, repair standards, customer safety, and technical reliability? Please provide relevant supporting evidence to support your answer.	40	
		3.3. What systems do you use to monitor turnaround time, productivity, service quality, technician performance, and customer satisfaction? Please provide relevant supporting evidence to support your answer.	40	
		3.4. What technical training, certifications, apprenticeships, and professional development programs are provided to technicians and service advisors? Please provide relevant supporting evidence to support your answer.	40	
		3.5. What measurable improvements have you achieved in service capacity, customer satisfaction, turnaround time, productivity, repeat customers, or business growth? Please provide relevant supporting evidence to support your answer.	40	

4. MECHANICAL REPAIR INDUSTRY(200)

No	Category	Criteria	Marks	Full Marks
4	Mechanical Repair Industry	4.1. What types of mechanical repairs and specialized services does your organization provide? Please provide relevant supporting evidence to support your answer.	40	200
		4.2. What diagnostic equipment, tools, machinery, software, and technologies are used in your operations? Please provide relevant supporting evidence to support your answer.	40	
		4.3. How do you ensure the quality, reliability, safety, consistency, and durability of mechanical repairs? Please provide relevant supporting evidence to support your answer.	40	
		4.4. What complex or specialized repair capabilities distinguish your organization from competitors? Please provide relevant supporting evidence to support your answer.	40	
		4.5. What measurable improvements have you achieved in repair quality, efficiency, productivity, customer satisfaction, turnaround time, or business performance? Please provide relevant supporting evidence to support your answer.	40	

5. ELECTRICAL / ELECTRONIC INDUSTRY(200)

No	Category	Criteria	Marks	Full Marks
5	Electrical / Electronic Industry	5.1. What automotive electrical, electronic, ECU, Hybrid, EV, battery, diagnostic, and related services or solutions do you provide? Please provide relevant supporting evidence to support your answer.	40	200
		5.2. What advanced diagnostic equipment, software, tools, testing systems, and technologies are used? Please provide relevant supporting evidence to support your answer.	40	
		5.3. What innovative electrical or electronic repair solutions have you introduced? Please provide relevant supporting evidence to support your answer.	40	
		5.4. How do you develop the technical capabilities, knowledge, certifications, and continuous learning of electrical and electronic technicians? Please provide relevant supporting evidence to support your answer.	40	
		5.5. What measurable results have been achieved through your technology, innovation, technical improvements, and service development? Please provide relevant supporting evidence to support your answer.	40	

6. ACCIDENT REPAIR INDUSTRY(200)

No	Category	Criteria	Marks	Full Marks
6	Accident repair industry	6.1. What collision, body repair, structural repair, refinishing, restoration, and accident-related services do you provide? Please provide relevant supporting evidence to support your answer.	40	200
		6.2. What technologies, equipment, repair methods, and quality standards are used to ensure accurate, safe, and high-quality accident repairs? Please provide relevant supporting evidence to support your answer.	40	
		6.3. How do you manage insurance-related repairs, claims coordination, repair quality, customer communication, and turnaround time? Please provide relevant supporting evidence to support your answer.	40	
		6.4. What sustainability, environmental, waste-management, chemical-handling, and workplace-safety practices are used? Please provide relevant supporting evidence to support your answer.	40	
		6.5. What measurable improvements have you achieved in repair quality, customer satisfaction, turnaround time, productivity, repeat business, or growth? Please provide relevant supporting evidence to support your answer.	40	

7. COMPONENT MANUFACTURERS(200)

No	Category	Criteria	Marks	Full Marks
7	Component manufacturers	7.1. What automotive components or products does your organization manufacture, and what is your production capacity? Please provide relevant supporting evidence to support your answer.	40	200
		7.2. What quality standards, certifications, testing procedures, inspection systems, and quality-control mechanisms are implemented? Please provide relevant supporting evidence to support your answer.	40	
		7.3. What innovations, technologies, automation, engineering solutions, or manufacturing improvements have you introduced? Please provide relevant supporting evidence to support your answer.	40	
		7.4. How do you ensure sustainability, resource efficiency, waste reduction, energy efficiency, and environmental responsibility? Please provide relevant supporting evidence to support your answer.	40	
		7.5. What measurable improvements have been achieved in production, quality, market reach, productivity, cost efficiency, or customer satisfaction? Please provide relevant supporting evidence to support your answer.	40	

8. PAINT PROCESS INDUSTRY(200)				
No	Category	Criteria	Marks	Full Marks
8	PAINT PROCESS INDUSTRY	8.1. What automotive painting, refinishing, color-matching, paint correction, and paint-related services do you provide? Please provide relevant supporting evidence to support your answer.	40	200
		8.2. What modern paint technologies, equipment, materials, color-matching systems, and refinishing systems are used? Please provide relevant supporting evidence to support your answer.	40	
		8.3. How do you ensure consistent paint quality, color accuracy, finishing standards, durability, and customer satisfaction? Please provide relevant supporting evidence to support your answer.	40	
		8.4. What environmental, waste-management, chemical-handling, occupational-health, and workplace-safety measures are implemented? Please provide relevant supporting evidence to support your answer.	40	
		8.5. What innovations and measurable process improvements have you introduced? Please provide relevant supporting evidence to support your answer.	40	

9. TOWING & RECOVERY INDUSTRY(200)

No	Category	Criteria	Marks	Full Marks
9	Towing & recovery industry	9.1. What geographical areas and types of emergency roadside assistance and recovery services do you cover? Please provide relevant supporting evidence to support your answer.	40	200
		9.2. What is your average response time, and how do you monitor and improve response efficiency? Please provide relevant supporting evidence to support your answer.	40	
		9.3. What towing vehicles, recovery equipment, specialized resources, technology, and trained personnel are available? Please provide relevant supporting evidence to support your answer.	40	
		9.4. What technologies are used for vehicle tracking, dispatching, communication, route management, and service monitoring? Please provide relevant supporting evidence to support your answer.	40	
		9.5. What measurable results demonstrate your service efficiency, reliability, safety, customer satisfaction, response time, and business growth? Please provide relevant supporting evidence to support your answer.	40	

10. MOTOR SPORT INDUSTRY(200)

No	Category	Criteria	Marks	Full Marks
10	Motor sport industry	10.1. What motorsport events, competitions, teams, drivers, workshops, programs, or technical activities are you involved in? Please provide relevant supporting evidence to support your answer.	40	200
		10.2. What significant achievements, championships, performance results, recognitions, or milestones have you obtained during the last three years? Please provide relevant supporting evidence to support your answer.	40	
		10.2. What significant achievements, championships, performance results, recognitions, or milestones have you obtained during the last three years? Please provide relevant supporting evidence to support your answer.	40	
		10.3. What technical innovations, engineering improvements, vehicle-development methods, or performance technologies have you introduced? Please provide relevant supporting evidence to support your answer.	40	
		10.4. How do you contribute to the development of motorsport talent, technical skills, youth participation, and the local automobile industry? Please provide relevant supporting evidence to support your answer.	40	
		10.5. What measurable impact has your organization, team, event, or program created within motorsport? Please provide relevant supporting evidence to support your answer.	40	

11. EDUCATIONAL INSTITUTES

No	Category	Criteria	Marks	Full Marks
11	Educational institutes	11.1. What automotive education, training, vocational, technical, or professional programs do you provide, and what is your annual student capacity? Please provide relevant supporting evidence to support your answer.	40	200
		11.2. What student outcomes, employment results, graduate success rates, certification rates, or industry placements demonstrate program effectiveness? Please provide relevant supporting evidence to support your answer.	40	
		11.3. What industry partnerships, OJT programs, internships, apprenticeships, and employer collaborations do you provide? Please provide relevant supporting evidence to support your answer.	40	
		11.4. What laboratory facilities, workshops, vehicles, equipment, diagnostic systems, EV/Hybrid facilities, and modern training technologies are available? Please provide relevant supporting evidence to support your answer.	40	
		11.5. How does your institution contribute measurably to developing skilled personnel and advancing automotive education in Sri Lanka? Please provide relevant supporting evidence to support your answer.	40	

12. VEHICLE TRADERS – INDEPENDENT / AUTHORIZED(200)

No	Category	Criteria	Marks	Full Marks
12	Vehicle traders – independent / authorized	12.1. What types and brands of vehicles do you trade, import, distribute, or sell, and what is the scale of your operations? Please provide relevant supporting evidence to support your answer.	40	200
		12.2. What systems ensure transparency, quality, professionalism, responsible selling, customer protection, and compliance throughout the vehicle sales process? Please provide relevant supporting evidence to support your answer.	40	
		12.3. What measurable sales growth, customer growth, market expansion, or business performance have you achieved? Please provide relevant supporting evidence to support your answer	40	
		12.4. What customer-service, warranty, maintenance, technical support, and after-sales services do you provide? Please provide relevant supporting evidence to support your answer.	40	
		12.5. How do you build customer trust and maintain customer satisfaction, loyalty, retention, and repeat business? Please provide relevant supporting evidence to support your answer.	40	

13. INSURANCE INDUSTRY(200)

No	Category	Criteria	Marks	Full Marks
13	Insurance industry	13.1. What motor insurance products and services do you provide? Please provide relevant supporting evidence to support your answer	40	200
		13.2. How do you ensure an efficient, transparent, fair, and customer-friendly vehicle claims settlement process? Please provide relevant supporting evidence to support your answer.	40	
		13.3. What systems or technologies are used to reduce claim processing time, improve communication, and enhance customer experience? Please provide relevant supporting evidence to support your answer.	40	
		13.4. What innovations, digital platforms, AI solutions, or technology-based services have you introduced to improve motor insurance services? Please provide relevant supporting evidence to support your answer.	40	
		13.5. What measurable results demonstrate your performance, customer satisfaction, claims efficiency, market contribution, and business growth? Please provide relevant supporting evidence to support your answer.	40	

14. FINANCE INDUSTRY(200)

No	Category	Criteria	Marks	Full Marks
14	FINANCE INDUSTRY	14.1. What vehicle financing, leasing, loan, insurance-linked finance, or other automotive financial products do you provide? Please provide relevant supporting evidence to support your answer.	40	200
		14.2. How do you ensure an efficient, transparent, accessible, responsible, and customer-friendly approval process? Please provide relevant supporting evidence to support your answer.	40	
		14.3. What innovative financing solutions, digital platforms, online services, or technology-based financial products have you introduced? Please provide relevant supporting evidence to support your answer.	40	
		14.4. What measures do you use to improve customer accessibility, satisfaction, financial service quality, transparency, and responsible financing? Please provide relevant supporting evidence to support your answer.	40	
		14.5. What measurable growth, market impact, customer growth, portfolio growth, or business results have your automotive finance services achieved? Please provide relevant supporting evidence to support your answer.	40	

15. AUTOMOBILE MEDIA & PUBLICITY(200)

No	Category	Criteria	Marks	Full Marks
15	Automobile media & publicity	15.1. What automobile-related media platforms, programs, publications, websites, social-media channels, or digital channels do you operate, and what is your audience reach? Please provide relevant supporting evidence to support your answer.	40	200
		15.2. How do you ensure accuracy, quality, credibility, independence, responsible communication, and relevance of your automotive content? Please provide relevant supporting evidence to support your answer.	40	
		15.3. How has your media platform contributed to public awareness, consumer education, road safety, and the development of the automobile industry? Please provide relevant supporting evidence to support your answer.	40	
		15.4. What measurable audience growth, engagement, reach, influence, content performance, or industry impact have you achieved? Please provide relevant supporting evidence to support your answer.	40	
		15.5. What innovative content formats, digital strategies, technologies, AI tools, or audience-engagement methods have you introduced? Please provide relevant supporting evidence to support your answer.	40	

16. TRANSPORT SERVICES(200)				
No	Category	Criteria	Marks	Full Marks
16	Transport services	16.1. What transport services do you provide, including taxi, ride-hailing, vehicle rental, bus, logistics, courier, or other transport services? Please provide relevant supporting evidence to support your answer.	40	200
		16.2. What is the size, composition, age profile, technology level, and operational coverage of your fleet? Please provide relevant supporting evidence to support your answer.	40	
		16.3. How do you ensure service reliability, safety, punctuality, vehicle quality, driver competency, and customer satisfaction? Please provide relevant supporting evidence to support your answer.	40	
		16.4. What technology is used for booking, tracking, fleet management, route optimization, fuel monitoring, driver management, and customer communication? Please provide relevant supporting evidence to support your answer.	40	
		16.5. What measurable results demonstrate your service growth, customer satisfaction, operational efficiency, safety performance, fleet utilization, or market contribution? Please provide relevant supporting evidence to support your answer.	40	

17. DRIVING SCHOOLS(200)				
No	Category	Criteria	Marks	Full Marks
17	Driving schools	17.1. What driving education and training programs do you provide, and what is your annual student capacity? Please provide relevant supporting evidence to support your answer.	40	200
		17.2. What learner success rates, license achievement rates, training completion rates, or other measurable outcomes demonstrate the effectiveness of your training? Please provide relevant supporting evidence to support your answer.	40	
		17.3. How do you incorporate defensive driving, road safety, responsible driving, vehicle awareness, risk management, and accident prevention into your programs? Please provide relevant supporting evidence to support your answer.	40	
		17.4. What modern technology, simulators, digital tools, training vehicles, or innovative methods are used? Please provide relevant supporting evidence to support your answer.	40	
		17.5. What measurable contribution has your organization made to improving road safety, driver competency, and responsible driving? Please provide relevant supporting evidence to support your answer.	40	

18. EMISSIONS TESTING CENTERS(200)

No	Category	Criteria	Marks	Full Marks
18	Emissions testing centers	18.1. What vehicle emissions testing services, equipment, technologies, and testing facilities do you provide? Please provide relevant supporting evidence to support your answer.	40	200
		18.2. How do you ensure testing accuracy, reliability, transparency, calibration, equipment maintenance, and regulatory compliance? Please provide relevant supporting evidence to support your answer.	40	
		18.3. How many vehicles do you test annually, and what measurable testing and operational performance results have you achieved? Please provide relevant supporting evidence to support your answer.	40	
		18.4. What innovative or sustainable technologies, systems, environmental practices, or customer-service improvements have you introduced? Please provide relevant supporting evidence to support your answer.	40	
		18.5. How does your organization contribute measurably to reducing vehicle emissions and improving environmental sustainability? Please provide relevant supporting evidence to support your answer.	40	

19. SUPPLY CHAIN INDUSTRY (200)

No	Category	Criteria	Marks	Full Marks
19	SUPPLY CHAIN INDUSTRY	19.1. What automotive products, components, spare parts, accessories, equipment, or services do you distribute or supply, and what is the scale and geographical coverage of your distribution network? Please provide relevant supporting evidence to support your answer.	40	200
		19.2. How do you ensure product availability, authenticity, quality, inventory control, and forecasting, warehousing, and timely delivery? Please provide relevant supporting evidence to support your answer.	40	
		19.3. What digital systems or technologies are used for inventory, logistics, ordering, forecasting, procurement, warehouse management, and distribution? Please provide relevant supporting evidence to support your answer.	40	
		19.4. What measurable improvements have you achieved in distribution efficiency, stock availability, delivery time, customer satisfaction, market coverage, or business growth? Please provide relevant supporting evidence to support your answer.	40	
		19.5. What locally developed, home-grown, innovative, or value-added automotive products or brands have you contributed to the market? Please provide relevant supporting evidence to support your answer.	40	

20. AUTO INNOVATION & TECHNOLOGY(200)

No	Category	Criteria	Marks	Full Marks
20	Auto innovation & technology	20.1. What innovative automotive technology, product, service, AI solution, digital platform, engineering solution, or business model has your organization developed or introduced? Please provide relevant supporting evidence to support your answer.	40	200
		20.2. What specific industry, customer, operational, technical, environmental, or business problem does your innovation solve, and what technology, engineering, AI, software, or digital systems are used? Please provide relevant supporting evidence to support your answer.	40	
		20.3. What measurable improvements in efficiency, safety, sustainability, cost, productivity, quality, revenue, or customer experience have resulted from your innovation? Please provide relevant supporting evidence to support your answer.	40	
		20.4. What challenges did you face while developing or implementing the innovation, and how did you overcome them? Please provide relevant supporting evidence to support your answer.	40	
		20.5. What are your future plans for scaling, commercializing, expanding, protecting, or further developing your innovation and contributing to the automobile industry? Please provide relevant supporting evidence to support your answer.	40	

6.1 Performance for organizations

Performance Indicator	Status of Performance				
1.1 Vision, Mission & Strategy	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
1.1.1 What is your organization's Vision and Mission, and how are they communicated to employees and stakeholders?	5				
1.1.2. How do you ensure that your Mission, Vision, organizational values, and strategic direction are effectively implemented across all levels of the organization?	5				
1.1.3. How is your long-term business strategy aligned with current and future trends in the Sri Lankan and global automobile industry?	6				
1.1.4. How are strategic objectives established, monitored, reviewed, and communicated by leadership?	6				

1.2 Ethics & Compliance	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
1.2.1. What policies, systems, and practices ensure transparency, fairness, integrity, accountability, and ethical behavior in your operations?	5				
1.2.2. How do you maintain trust and transparency with customers, employees, suppliers, business partners, regulators, and other stakeholders?	5				
1.2.3. How do you ensure compliance with applicable laws, regulations, industry standards, safety requirements, environmental requirements, and quality standards?	6				
1.2.4. How does your organization ensure fair, transparent, and responsible pricing and business practices?	6				
1.2.5. What systems are used to identify, monitor, prevent, and address ethical, legal, regulatory, and compliance-related risks?	6				

1.3 Decision-Making & Leadership Transparency	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
1.3.1. How are key strategic and operational decisions made within your organization?	5				
1.3.2. How are important decisions, policies, changes, and strategic priorities communicated to employees and relevant stakeholders?	5				
1.3.3. How does leadership ensure accountability, transparency, responsibility, and ownership at all levels?	6				
1.3.4. How do you monitor the effectiveness and outcomes of major organizational decisions?	6				
1.3.5. How are employees encouraged to provide feedback, suggestions, ideas, and participate in organizational decision-making?	6				

1.4 Corporate Social Responsibility & Sustainability	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
1.4.1. What CSR initiatives, community programs, training programs, scholarships, industry development programs, and On-the-Job Training (OJT) contributions has your organization implemented?	5				
1.4.2. What environmental sustainability initiatives have you implemented during the last two years?	5				
1.4.3. What measurable social, economic, or environmental impact have these CSR and sustainability initiatives created?	6				
1.4.4. How have your CSR and sustainability initiatives contributed to relevant United Nations Sustainable Development Goals (SDGs)?	6				
1.4.5. How do you monitor, evaluate, document, and report the performance and impact of your CSR and sustainability initiatives?	6				

1.5 Innovation, Sustainability & Adaptability	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
1.5.1. What technologies, innovations, digital solutions, or sustainable practices have you adopted to improve efficiency, productivity, quality, safety, or environmental performance?	5				
1.5.2. How does your organization respond to market changes, economic challenges, technological developments, customer expectations, and emerging industry trends?	5				
1.5.3. How do you promote a culture of continuous learning, innovation, sustainability, adaptability, and improvement?	6				
1.5.4. How do you identify, evaluate, test, and implement emerging technologies and new business opportunities?	6				
1.5.5. What measurable improvements have resulted from your innovation, sustainability, and adaptability initiatives?	6				

2.1 Recruitment & Equal Opportunity	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
2.1.1. What is your recruitment process, and how do you ensure fairness, transparency, merit-based selection, and equal opportunity?	4				
2.1.2. How do you promote diversity, inclusion, equal employment opportunities, and a respectful workplace?	5				
2.1.3. How do you identify the knowledge, skills, qualifications, competencies, and experience required for different positions?	5				
2.1.4. How do you onboard, orient, train, and integrate new employees into the organization?	5				
2.1.5. What measurable improvements or results have been achieved through your recruitment and employee integration practices?	5				

2.2 Training & Development	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
2.2.1. How do you identify employee training, competency, up skilling, and professional development needs?	4				
2.2.2. What technical, professional, leadership, up skilling, reskilling, and career development programs are available to employees?	5				
2.2.3. How do you provide continuous technical training to keep employees updated with modern automotive technologies, diagnostic systems, EVs, hybrids, electronics, and industry developments?	5				
2.2.4. How do you measure the effectiveness and impact of employee training programs?	5				
2.2.5. What measurable improvements in employee skills, productivity, performance, quality, efficiency, or career development have resulted from your training programs?	5				

2.3 Employee Welfare & Engagement	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
2.3.1. What initiatives support employee health, safety, welfare, wellbeing, work-life balance, and workplace security?	4				
2.3.2. What reward, recognition, incentive, promotion, and performance appreciation systems are in place?	5				
2.3.3. How do you maintain employee motivation, satisfaction, engagement, loyalty, and retention?	5				
2.3.4. How do you identify, manage, and resolve employee concerns, grievances, conflicts, and workplace challenges?	5				
2.3.5. What measurable results demonstrate the effectiveness of your employee welfare and engagement initiatives?	5				

2.4 Teamwork & Organizational Culture	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
2.4.1. How do you promote effective internal communication, teamwork, collaboration, and knowledge sharing?	4				
2.4.2. How do different departments and teams work together to achieve organizational objectives?	5				
2.4.3. What initiatives have you implemented to strengthen organizational culture, professionalism, discipline, and employee ownership?	5				
2.4.4. How do you encourage teamwork, leadership development, employee participation, innovation, and continuous improvement?	5				
2.4.5. What measurable improvements have resulted from your teamwork and organizational culture initiatives?	5				

2.5 HR Digitalization, Records & Performance Management	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
2.5.1. What HR software or digital systems are used to manage employee records and HR activities?	4				
2.5.2. How are employee attendance, working hours, shifts, overtime, and leave managed?	5				
2.5.3. How are payroll, overtime, allowances, deductions, and employee benefits managed and verified?	5				
2.5.4. How are employee performance, KPIs, training, promotions, and career development monitored?	5				
2.5.5. How is employee data and HR analytics used for workforce planning, productivity, retention, and decision-making?	5				

3. Operations & Process Management	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
3.1. How do you ensure efficiency, productivity, consistency, and reliability in your operational processes?	30				
3.2. What systems, procedures, standards, SOPs, workflow controls, and quality-control mechanisms are used to maintain product or service quality?	30				
3.3. How do you monitor operational performance, identify bottlenecks, and implement continuous improvement?	30				
3.4. What major operational improvements have you implemented during the last two years, and what measurable results have been achieved?	30				
3.5. How do you manage operational risks, workplace safety, resource utilization, equipment maintenance, environmental risks, and business continuity?	30				

4. Customer focus & Service excellence	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
4.1. How do you identify, understand, monitor, and respond to customer needs, expectations, and changing requirements?	18				
4.2. What systems and procedures are in place to ensure consistent customer satisfaction, service quality, professionalism, safety, and reliability?	18				
4.3. How do you collect, monitor, analyze, and respond to customer feedback, complaints, reviews, suggestions, and service issues?	18				
4.4. What significant improvements have you made based on customer feedback and customer insights?	18				
4.5. What measurable indicators do you use to evaluate customer satisfaction, loyalty, retention, repeat business, complaints, turnaround time, and service performance?	18				

5. Digitalization & Technology	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
5.1. What digital tools, software, management systems, diagnostic systems, ERP/CRM platforms, communication platforms, and technology solutions are currently used?	10				
5.2. How has digital transformation improved operational efficiency, productivity, quality, customer experience, reporting, or management decision-making?	10				
5.3. What new technologies, automation systems, digital platforms, Artificial Intelligence (AI) solutions, or advanced automotive technologies have you introduced during the last two years? Please provide measurable results.	10				
5.4. What future technologies, automation, AI, EV/hybrid technologies, digital platforms, or smart systems are you planning to adopt?	10				
5.5. How do you ensure data security, digital reliability, responsible technology use, system continuity, cyber security awareness, and employee readiness for digital transformation?	10				
5.6. What software or digital systems are used to manage workshop operations, including job cards, service records, inventory, invoicing, scheduling, and customer records?	15				
5.7. How have digital systems improved workshop efficiency, productivity, service quality, customer satisfaction, turnaround time, and decision-making?	15				

6. Financial & Business Performance	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
6.1. How do you manage financial planning, budgeting, cash flow, cost control, financial reporting, investment decisions, and financial risks?	13				
6.2. What strategies and initiatives have you implemented to improve profitability, cost efficiency, productivity, revenue generation, and financial sustainability?	13				
6.3. Please describe your organization's business performance over the last three years. Include year-on-year growth percentages for revenue, profit, sales, production, or customer base, where applicable.	13				
6.4. What major investments, business expansions, new services, new facilities, equipment investments, technology investments, or strategic financial decisions have contributed to organizational growth?	13				
6.5. What key financial and business-performance indicators do you use to monitor organizational success, and what measurable improvements have been achieved?	13				

7. Innovation & Industry Contribution	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
7.1. What significant innovations, new products, services, technologies, processes, or business models has your organization introduced?	14				
7.2. What specific customer, operational, technical, environmental, or industry problems or opportunities have these innovations addressed?	14				
7.3. How does your organization contribute to the development, modernization, professionalization, and advancement of the Sri Lankan automobile industry?	14				
7.4. What major challenges have you faced during innovation, modernization, expansion, or business development, and how did you overcome them?	14				
7.5. What measurable impact have your innovations or industry contributions created for customers, employees, your organization, or the automobile industry?	14				

8. Results, Achievements & Future Direction	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
8.1. What are your organization's key achievements during the past three years?	17				
8.2. What measurable outcomes demonstrate your organization's success? Please provide relevant statistics, percentages, performance indicators, comparisons, and supporting evidence.	17				
8.3. What are the three most significant measurable achievements of your organization during the last three years, and what evidence supports each achievement?	17				
8.4. What are your organization's future goals, strategic priorities, expansion plans, technology plans, sustainability targets, and investment priorities?	17				
8.5. How will your organization contribute to the future development, transformation, professionalization, innovation, and sustainability of the automobile industry?	17				

SECTION 2 – CATEGORY-SPECIFIC QUESTIONS

1. TWO-WHEELER ASSEMBLERS	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
1.1. What are your current two-wheeler assembly capabilities, production capacity, annual production volume, and market coverage?	40				
1.2. What assembly technologies, automation systems, quality-control systems, and production processes are used in two-wheeler manufacturing?	40				
1.3. What measures have you implemented to reduce energy consumption, emissions, waste, and environmental impact in two-wheeler assembly operations?	40				
1.4. What major innovations, process improvements, or new technologies have you introduced in two-wheeler assembly during the last three years?	40				
1.5. What measurable growth have you achieved in two-wheeler production, sales, market share, customer base, or operational performance?	40				

2. FOUR-WHEELER ASSEMBLERS	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
2.1. What are your current four-wheeler assembly capabilities, production capacity, annual production volume, and market coverage?	40				
2.2. What assembly technologies, automation systems, robotics, quality-control systems, and production processes are used in four-wheeler manufacturing?	40				
2.3. What measures have you implemented to reduce energy consumption, emissions, waste, and environmental impact in four-wheeler assembly operations?	40				
2.4. What major innovations, process improvements, automation technologies, or new manufacturing systems have you introduced in four-wheeler assembly during the last three years?	40				
2.5. What measurable growth have you achieved in four-wheeler production, sales, export performance, market presence, or overall business performance?	40				

3. Service Industry	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
3.1. What automotive services and specialized services does your organization provide, and what is the scale of your operations?	40				
3.2. How do you ensure professional service quality, accurate diagnosis, repair standards, customer safety, and technical reliability?	40				
3.3. What systems do you use to monitor turnaround time, productivity, service quality, technician performance, and customer satisfaction?	40				
3.4. What technical training, certifications, apprenticeships, and professional development programs are provided to technicians and service advisors?	40				
3.5. What measurable improvements have you achieved in service capacity, customer satisfaction, turnaround time, productivity, repeat customers, or business growth?	40				

4. Mechanical Repair Industry	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
4.1. What types of mechanical repairs and specialized services does your organization provide?	40				
4.2. What diagnostic equipment, tools, machinery, software, and technologies are used in your operations?	40				
4.3. How do you ensure the quality, reliability, safety, consistency, and durability of mechanical repairs?	40				
4.4. What complex or specialized repair capabilities distinguish your organization from competitors?	40				
4.5. What measurable improvements have you achieved in repair quality, efficiency, productivity, customer satisfaction, turnaround time, or business performance?	40				

5. Electrical / Electronic Industry	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
5.1. What automotive electrical, electronic, ECU, Hybrid, EV, battery, diagnostic, and related services or solutions do you provide?	40				
5.2. What advanced diagnostic equipment, software, tools, testing systems, and technologies are used?	40				
5.3. What innovative electrical or electronic repair solutions have you introduced?	40				
5.4. How do you develop the technical capabilities, knowledge, certifications, and continuous learning of electrical and electronic technicians?	40				
5.5. What measurable results have been achieved through your technology, innovation, technical improvements, and service development?	40				

6. Accident Repair Industry	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
6.1. What collision, body repair, structural repair, refinishing, restoration, and accident-related services do you provide?	40				
6.2. What technologies, equipment, repair methods, and quality standards are used to ensure accurate, safe, and high-quality accident repairs?	40				
6.3. How do you manage insurance-related repairs, claims coordination, repair quality, customer communication, and turnaround time?	40				
6.4. What sustainability, environmental, waste-management, chemical-handling, and workplace-safety practices are used?	40				
6.5. What measurable improvements have you achieved in repair quality, customer satisfaction, turnaround time, productivity, repeat business, or growth?	40				

7. Component Manufacturers	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
7.1. What automotive components or products does your organization manufacture, and what is your production capacity?	40				
7.2. What quality standards, certifications, testing procedures, inspection systems, and quality-control mechanisms are implemented?	40				
7.3. What innovations, technologies, automation, engineering solutions, or manufacturing improvements have you introduced?	40				
7.4. How do you ensure sustainability, resource efficiency, waste reduction, energy efficiency, and environmental responsibility?	40				
7.5. What measurable improvements have been achieved in production, quality, market reach, productivity, cost efficiency, or customer satisfaction?	40				

8. Paint Process Industry	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
8.1. What automotive painting, refinishing, color-matching, paint correction, and paint-related services do you provide?	40				
8.2. What modern paint technologies, equipment, materials, color-matching systems, and refinishing systems are used?	40				
8.3. How do you ensure consistent paint quality, color accuracy, finishing standards, durability, and customer satisfaction?	40				
8.4. What environmental, waste-management, chemical-handling, occupational-health, and workplace-safety measures are implemented?	40				
8.5. What innovations and measurable process improvements have you introduced?	40				

9. Towing & Recovery Industry	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
9.1. What geographical areas and types of emergency roadside assistance and recovery services do you cover?	40				
9.2. What is your average response time, and how do you monitor and improve response efficiency?	40				
9.3. What towing vehicles, recovery equipment, specialized resources, technology, and trained personnel are available?	40				
9.4. What technologies are used for vehicle tracking, dispatching, communication, route management, and service monitoring?	40				
9.5. What measurable results demonstrate your service efficiency, reliability, safety, customer satisfaction, response time, and business growth?	40				

10. MOTOR SPORT INDUSTRY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
10.1. What motorsport events, competitions, teams, drivers, workshops, programs, or technical activities are you involved in?	40				
10.2. What significant achievements, championships, performance results, recognitions, or milestones have you obtained during the last three years?	40				
10.3. What technical innovations, engineering improvements, vehicle-development methods, or performance technologies have you introduced?	40				
10.4. How do you contribute to the development of motorsport talent, technical skills, youth participation, and the local automobile industry?	40				
10.5. What measurable impact has your organization, team, event, or program created within motorsport?	40				

11. Educational Institutes	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
11.1. What automotive education, training, vocational, technical, or professional programs do you provide, and what is your annual student capacity?	40				
11.2. What student outcomes, employment results, graduate success rates, certification rates, or industry placements demonstrate program effectiveness?	40				
11.3. What industry partnerships, OJT programs, internships, apprenticeships, and employer collaborations do you provide?	40				
11.4. What laboratory facilities, workshops, vehicles, equipment, diagnostic systems, EV/Hybrid facilities, and modern training technologies are available?	40				
11.5. How does your institution contribute measurably to developing skilled personnel and advancing automotive education in Sri Lanka?	40				

12. Vehicle Traders – Independent / Authorized	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks

7th Step

The screenshot shows the 'User Login' page of the 'AUTOMOBILE AWARDS 2027' website. The page has a dark background with a golden, abstract, starry pattern. At the top, there is a dark navigation bar with the text 'AUTOMOBILE AWARDS 2027' on the left and links for 'Home', 'Awards', 'Partnership', 'Media', and a yellow 'Login' button on the right. The main content area features a dark grey rounded rectangle with a yellow border. Inside this rectangle, the title 'User Login' is centered at the top. Below the title, there are two input fields: 'Username' with a person icon and 'Password' with a lock icon and a toggle eye icon. At the bottom of the rectangle is a yellow 'Login' button with a right-pointing arrow icon.

6.2.2 How to View the Application

1st Step

This screenshot is identical to the one above, showing the 'User Login' page of the 'AUTOMOBILE AWARDS 2027' website. It includes the same navigation bar, background pattern, and login form with 'Username', 'Password', and 'Login' fields and buttons.

After registering through the website, using the username and password that were sent to your email, log in to view your application.

When you submit finally, a notification will be sent, and the application will be considered fully completed. After that, it cannot be edited.

7. Individual Application

GENERAL INDIVIDUAL QUESTIONS

1. PROFESSIONAL PROFILE & CAREER EXPERIENCE (100)				
No	Category	Criteria	Marks	Full Marks
1	Professional profile & career experience	1.1 Please introduce yourself and describe your professional career and experience in the automobile industry. Please provide relevant supporting evidence to support your answer.	20	100
		1.2 What is your current position, organization, and primary area of professional responsibility? Please provide relevant supporting evidence to support your answer.	20	
		1.3 How many years of experience do you have in the automobile industry, and what are your main areas of expertise? Please provide relevant supporting evidence to support your answer.	20	
		1.4 What major professional milestones have shaped your career? Please provide relevant supporting evidence to support your answer.	20	
		1.5 What distinguishes your professional knowledge, skills, experience, and expertise from others in your field? Please provide relevant supporting evidence to support your answer.	20	

2. LEADERSHIP & PROFESSIONAL EXCELLENCE (100)

No	Category	Criteria	Marks	Full Marks
2	Leadership & Professional excellence	2.1 Describe the leadership responsibilities you have undertaken during your professional career. Please provide relevant supporting evidence to support your answer.	20	100
		2.2 How have you demonstrated professionalism, discipline, accountability, integrity, and responsibility in your work? Please provide relevant supporting evidence to support your answer.	20	
		2.3 Describe a challenging professional situation where you took responsibility, made an important decision, and achieved a positive result. Please provide relevant supporting evidence to support your answer.	20	
		2.4 How have you guided, motivated, trained, mentored, or supported colleagues, employees, apprentices, students, or other professionals? Please provide relevant supporting evidence to support your answer.	20	
		2.5 What evidence demonstrates your leadership and professional excellence? Please provide relevant supporting evidence to support your answer.	20	

3. QUALIFICATIONS & CONTINUOUS PROFESSIONAL DEVELOPMENT(100)

No	Category	Criteria	Marks	Full Marks
3	Qualifications & Continuous professional development	3.1 What academic, professional, technical, or vocational qualifications have you obtained? Please provide relevant supporting evidence to support your answer.	20	100
		3.2 What professional training, certifications, workshops, seminars, or technical programs have you completed during the last three years? Please provide relevant supporting evidence to support your answer.	20	
		3.3 How do you continuously develop your technical knowledge and professional skills? Please provide relevant supporting evidence to support your answer.	20	
		3.4 How do you keep yourself updated with modern automotive technologies, EVs, hybrids, electronics, diagnostics, safety standards, and industry developments? Please provide relevant supporting evidence to support your answer.	20	
		3.5 How have your qualifications and professional development improved your performance and contribution to the automobile industry? Please provide relevant supporting evidence to support your answer.	20	

4. MAJOR ACHIEVEMENTS & RECOGNITION (100)

No	Category	Criteria	Marks	Full Marks
4	Major achievements & Recognition	4.1 What are your most significant achievements during the last three years? Include any awards, recognitions, promotions, major projects, technical achievements, innovations, or measurable outcomes. Please provide relevant supporting evidence to support your answer.	20	100
		4.2 What is the most significant professional achievement you have personally delivered, and what impact did it create? Please provide relevant supporting evidence to support your answer.	20	
		4.3 What measurable results have you achieved through your professional work? Please provide relevant supporting evidence to support your answer.	20	
		4.4 What awards, recognitions, certifications, competitions, promotions, or industry acknowledgements have you received? Please provide relevant supporting evidence to support your answer.	20	
		4.5 What evidence can you provide to verify your major professional achievements? Please provide relevant supporting evidence to support your answer.	20	

5. CONTRIBUTION TO SRI LANKA'S AUTOMOBILE INDUSTRY (100)

No	Category	Criteria	Marks	Full Marks
5	Contribution to sri lanka's automobile industry	5.1 How have you contributed to the development of Sri Lanka's automobile industry? Share any specific initiatives, training programs, technical knowledge sharing, mentorship, or industry development activities you have provided. Please provide relevant supporting evidence to support your answer.	20	100
		5.2 How have you contributed to improving professional standards, technical knowledge, skills, safety, service quality, or working practices within the automobile industry? Please provide relevant supporting evidence to support your answer.	20	
		5.3 Have you trained, mentored, guided, or supported apprentices, students, technicians, employees, or young professionals? Describe your contribution and impact. Please provide relevant supporting evidence to support your answer.	20	
		5.4 Have you participated in industry associations, technical committees, conferences, exhibitions, competitions, workshops, educational programs, or other industry development activities? Please provide relevant supporting evidence to support your answer.	20	
		5.5 What specific contribution do you believe has created the greatest impact on the future development and professionalization of Sri Lanka's automobile industry? Please provide relevant supporting evidence to support your answer.	20	

6. INTEGRITY, ETHICS & PROFESSIONAL RESPONSIBILITY (100)

No	Category	Criteria	Marks	Full Marks
6	Integrity, ethics & professional responsibility	6.1 How do you maintain honesty, integrity, transparency, accountability, and ethical conduct in your professional activities? Please provide relevant supporting evidence to support your answer.	20	100
		6.2 How do you handle professional pressure, conflicts of interest, customer complaints, mistakes, or ethical challenges? Please provide relevant supporting evidence to support your answer.	20	
		6.3 How do you ensure that your professional decisions comply with safety requirements, technical standards, regulations, and industry practices? Please provide relevant supporting evidence to support your answer.	20	
		6.4 How do you maintain customer trust and professional confidentiality? Please provide relevant supporting evidence to support your answer.	20	
		6.5 Describe an example where your professional integrity or ethical decision-making created a positive outcome. Please provide relevant supporting evidence to support your answer.	20	

7. QUALITY, SAFETY & CONTINUOUS IMPROVEMENT (100)

No	Category	Criteria	Marks	Full Marks
7	Quality, safety & Continuous improvement	7.1 How do you ensure high standards of quality, accuracy, safety, and reliability in your professional work? Please provide relevant supporting evidence to support your answer.	20	100
		7.2 Describe a quality, technical, safety, or process improvement that you personally introduced or significantly contributed to. Please provide relevant supporting evidence to support your answer.	20	
		7.3 What specific problem or risk did the improvement address? Please provide relevant supporting evidence to support your answer.	20	
		7.4 What measurable results were achieved through the improvement? Please provide relevant supporting evidence to support your answer.	20	
		7.5 How do you identify technical problems, mistakes, inefficiencies, or risks and implement corrective action? Please provide relevant supporting evidence to support your answer.	20	

8. INNOVATION, TECHNOLOGY & DIGITALIZATION (100)

No	Category	Criteria	Marks	Full Marks
8	Innovation, technology & Digitalization	8.1 What innovative ideas, technical solutions, technologies, or processes have you personally developed or contributed to? Please provide relevant supporting evidence to support your answer.	20	100
		8.2 What specific problem or opportunity did your innovation address? Please provide relevant supporting evidence to support your answer.	20	
		8.3 What modern diagnostic tools, software, digital systems, automation, AI, EV/hybrid technology, or advanced automotive technologies do you use? Please provide relevant supporting evidence to support your answer.	20	
		8.4 How have technology and innovation improved your professional performance? Please provide relevant supporting evidence to support your answer.	20	
		8.5 What measurable results or impact have been achieved through your innovation or use of technology? Please provide relevant supporting evidence to support your answer.	20	

9. COMMUNICATION, TEAMWORK & CUSTOMER SERVICE (100)

No	Category	Criteria	Marks	Full Marks
9	Communication, teamwork & Customer service	9.1 How do you maintain effective communication with customers, colleagues, management, suppliers, trainees, and other industry stakeholders? Please provide relevant supporting evidence to support your answer.	20	100
		9.2 Describe a situation where teamwork or effective communication helped you achieve an important professional result. Please provide relevant supporting evidence to support your answer.	20	
		9.3 How do you handle difficult customers, complaints, technical disagreements, or workplace conflicts? Please provide relevant supporting evidence to support your answer.	20	
		9.4 How do you contribute to teamwork, knowledge sharing, mentoring, and a positive professional environment? Please provide relevant supporting evidence to support your answer.	20	
		9.5 What evidence demonstrates your ability to build trust and maintain strong professional relationships? Please provide relevant supporting evidence to support your answer.	20	

10. FUTURE VISION & INDUSTRY IMPACT (100)

No	Category	Criteria	Marks	Full Marks
10	Future vision & Industry impact	10.1 What has been the most significant impact of your professional career on your organization, customers, colleagues, or the automobile industry? Please provide relevant supporting evidence to support your answer.	20	100
		10.2 What are your major professional goals for the next three to five years? Please provide relevant supporting evidence to support your answer.	20	
		10.3 How do you plan to contribute further to the development and modernization of Sri Lanka's automobile industry? Please provide relevant supporting evidence to support your answer.	20	
		10.4 What professional legacy do you aim to create within the automobile industry? Please provide relevant supporting evidence to support your answer.	20	
		10.5 Why do you believe you deserve to be recognized as a winner of the International Automobile Industry Awards 2027? Provide an evidence-based justification. Please provide relevant supporting evidence to support your answer.	20	

1. TWO-WHEELER ASSEMBLY(200)

No	Category	Criteria	Marks	Full Marks
1	Two-Wheeler Assembly	1.1 Describe your role, responsibilities, and technical expertise in two-wheeler assembly. Please provide relevant supporting evidence to support your answer.	40	200
		1.2 What major technical, production, quality, safety, or efficiency improvement have you personally introduced or contributed to? Please provide relevant supporting evidence to support your answer.	40	
		1.3 Describe a significant technical or production challenge you solved and the result achieved. Please provide relevant supporting evidence to support your answer.	40	
		1.4 What measurable achievements have you achieved in two-wheeler assembly during the last three years? Please provide relevant supporting evidence to support your answer.	40	
		1.5 Why should you be recognized as an outstanding Two-Wheeler Assembly Professional? Please provide relevant supporting evidence to support your answer.	40	

2. FOUR-WHEELER ASSEMBLY(200)

No	Category	Criteria	Marks	Full Marks
2	Four-Wheeler Assembly	2.1 Describe your role, responsibilities, and technical expertise in four-wheeler assembly. Please provide relevant supporting evidence to support your answer.	40	200
		2.2 What major manufacturing, quality, automation, safety, or efficiency improvement have you personally introduced or contributed to? Please provide relevant supporting evidence to support your answer.	40	
		2.3 Describe a significant production or technical challenge you successfully solved. Please provide relevant supporting evidence to support your answer.	40	
		2.4 What measurable achievements have you achieved in four-wheeler assembly during the last three years? Please provide relevant supporting evidence to support your answer.	40	
		2.5 Why should you be recognized as an outstanding Four-Wheeler Assembly Professional? Please provide relevant supporting evidence to support your answer.	40	

3. SERVICE INDUSTRY(200)

No	Category	Criteria	Marks	Full Marks
3	Service Industry	3.1 Describe your professional role, technical specialization, and experience in the automobile service industry. Please provide relevant supporting evidence to support your answer.	40	200
		3.2 What major technical, service-quality, diagnostic, or customer-service improvement have you personally introduced? Please provide relevant supporting evidence to support your answer.	40	
		3.3 Describe the most difficult technical or service problem you have successfully solved. Please provide relevant supporting evidence to support your answer.	40	
		3.4 What measurable achievements have you achieved in service quality, customer satisfaction, productivity, turnaround time, or business performance? Please provide relevant supporting evidence to support your answer.	40	
		3.5 Why should you be recognized as an outstanding Service Industry Professional? Please provide relevant supporting evidence to support your answer.	40	

4. MECHANICAL REPAIR INDUSTRY (200)

No	Category	Criteria	Marks	Full Marks
4	Mechanical Repair Industry	4.1 Describe your specialization and professional experience in automotive mechanical repair. Please provide relevant supporting evidence to support your answer.	40	200
		4.2 What complex mechanical repair or technical problem have you successfully solved? Please provide relevant supporting evidence to support your answer.	40	
		4.3 What advanced tools, diagnostic equipment, technologies, or repair methods distinguish your work? Please provide relevant supporting evidence to support your answer.	40	
		4.4 What measurable improvements or achievements have you delivered during the last three years? Please provide relevant supporting evidence to support your answer.	40	
		4.5 Why should you be recognized as an outstanding Mechanical Repair Professional? Please provide relevant supporting evidence to support your answer.	40	

5. ELECTRICAL/ELECTRONIC INDUSTRY (200)

No	Category	Criteria	Marks	Full Marks
5	Electrical/Electronic industry	5.1 Describe your expertise in automotive electrical, electronic, ECU, diagnostic, hybrid, EV, battery, or related systems. Please provide relevant supporting evidence to support your answer.	40	200
		5.2 Describe a complex electrical/electronic problem you successfully diagnosed and resolved. Please provide relevant supporting evidence to support your answer.	40	
		5.3 What advanced diagnostic technologies, software, tools, or innovative solutions do you use or have introduced? Please provide relevant supporting evidence to support your answer.	40	
		5.4 What measurable achievements or technical improvements have resulted from your work? Please provide relevant supporting evidence to support your answer.	40	
		5.5 Why should you be recognized as an outstanding Automotive Electrical/Electronic Professional? Please provide relevant supporting evidence to support your answer.	40	

6. ACCIDENT REPAIR INDUSTRY (200)

No	Category	Criteria	Marks	Full Marks
6	Accident repair industry	6.1 Describe your professional experience and specialization in accident, collision, body, structural, or restoration repair. Please provide relevant supporting evidence to support your answer.	40	200
		6.2 Describe a challenging accident repair project you successfully completed. Please provide relevant supporting evidence to support your answer.	40	
		6.3 What repair technologies, equipment, methods, or quality standards distinguish your professional work? Please provide relevant supporting evidence to support your answer.	40	
		6.4 What measurable achievements have you delivered in repair quality, safety, turnaround time, customer satisfaction, or productivity? Please provide relevant supporting evidence to support your answer.	40	
		6.5 Why should you be recognized as an outstanding Accident Repair Professional? Please provide relevant supporting evidence to support your answer.	40	

7. COMPONENT MANUFACTURERS (200)

No	Category	Criteria	Marks	Full Marks
7	Component manufacturers	7.1 Describe your role, technical expertise, and experience in automotive component manufacturing. Please provide relevant supporting evidence to support your answer.	40	200
		7.2 What significant manufacturing, engineering, quality, automation, or production improvement have you personally introduced? Please provide relevant supporting evidence to support your answer.	40	
		7.3 Describe a major technical or manufacturing challenge you successfully solved. Please provide relevant supporting evidence to support your answer.	40	
		7.4 What measurable achievements have resulted from your contribution? Please provide relevant supporting evidence to support your answer.	40	
		7.5 Why should you be recognized as an outstanding Component Manufacturing Professional? Please provide relevant supporting evidence to support your answer.	40	

8. PAINT PROCESS INDUSTRY (200)

No	Category	Criteria	Marks	Full Marks
8	Paint process industry	8.1 Describe your professional experience and specialization in automotive painting and refinishing. Please provide relevant supporting evidence to support your answer.	40	200
		8.2 What modern paint technologies, colour-matching systems, equipment, or techniques do you use? Please provide relevant supporting evidence to support your answer.	40	
		8.3 Describe a technically challenging painting/refinishing project you successfully completed. Please provide relevant supporting evidence to support your answer.	40	
		8.4 What measurable improvements have you achieved in quality, colour accuracy, productivity, environmental performance, or customer satisfaction? Please provide relevant supporting evidence to support your answer.	40	
		8.5 Why should you be recognized as an outstanding Paint Process Professional? Please provide relevant supporting evidence to support your answer.	40	

9. TOWING AND RECOVERY INDUSTRY (200)

No	Category	Criteria	Marks	Full Marks
9	Towing and recovery industry	9.1 Describe your experience and specialization in towing, roadside assistance, and vehicle recovery. Please provide relevant supporting evidence to support your answer.	40	200
		9.2 Describe a challenging recovery operation you successfully completed and explain how you managed the risks involved. Please provide relevant supporting evidence to support your answer.	40	
		9.3 What equipment, technology, safety systems, or operational methods do you use? Please provide relevant supporting evidence to support your answer.	40	
		9.4 What measurable achievements have you delivered in response time, safety, reliability, customer satisfaction, or service performance? Please provide relevant supporting evidence to support your answer.	40	
		9.5 Why should you be recognized as an outstanding Towing & Recovery Professional? Please provide relevant supporting evidence to support your answer.	40	

10. MOTOR SPORT INDUSTRY (200)

No	Category	Criteria	Marks	Full Marks
10	Motor sport industry	10.1 Describe your role, experience, and area of specialization in motorsport. Please provide relevant supporting evidence to support your answer.	40	200
		10.2 What are your most significant motorsport achievements, competition results, championships, recognitions, or milestones during the last three years? Please provide relevant supporting evidence to support your answer.	40	
		10.3 What technical, engineering, driving, performance, or management improvements have you introduced? Please provide relevant supporting evidence to support your answer.	40	
		10.4 How have you contributed to developing motorsport talent, technical skills, youth participation, or the Sri Lankan automobile industry? Please provide relevant supporting evidence to support your answer.	40	
		10.5 Why should you be recognized as an outstanding Motorsport Professional? Please provide relevant supporting evidence to support your answer.	40	

11. EDUCATIONAL INSTITUTES (200)

No	Category	Criteria	Marks	Full Marks
11	EDUCATIONAL INSTITUTES	11.1 Describe your role and experience in automotive education, vocational training, or technical skills development. Please provide relevant supporting evidence to support your answer.	40	200
		11.2 What innovative teaching methods, training programs, technical facilities, or learning systems have you introduced? Please provide relevant supporting evidence to support your answer.	40	
		11.3 How have you developed industry-ready skills among students, apprentices, trainees, or young professionals? Please provide relevant supporting evidence to support your answer.	40	
		11.4 What measurable achievements or outcomes demonstrate the impact of your training and educational contribution? Please provide relevant supporting evidence to support your answer.	40	
		11.5 Why should you be recognized as an outstanding Automotive Education/Training Professional? Please provide relevant supporting evidence to support your answer.	40	

12. VEHICLE TRADERS (INDEPENDENT/AUTHORIZED) (200)

No	Category	Criteria	Marks	Full Marks
12	VEHICLE TRADERS (INDEPENDENT/AUTHORIZED)	12.1 Describe your professional role and experience in vehicle sales, trading, importing, distribution, or dealership operations. Please provide relevant supporting evidence to support your answer.	40	200
		12.2 How have you demonstrated transparency, professionalism, customer protection, and responsible vehicle sales? Please provide relevant supporting evidence to support your answer.	40	
		12.3 Describe a significant sales, customer-service, or business challenge that you successfully handled. Please provide relevant supporting evidence to support your answer.	40	
		12.4 What measurable sales, customer growth, market expansion, or business achievements have you personally contributed to? Please provide relevant supporting evidence to support your answer.	40	
		12.5 Why should you be recognized as an outstanding Vehicle Trading Professional? Please provide relevant supporting evidence to support your answer.	40	

13. INSURANCE INDUSTRY

No	Category	Criteria	Marks	Full Marks
13	INSURANCE INDUSTRY	13.1 Describe your role, experience, and specialization in motor insurance. Please provide relevant supporting evidence to support your answer.	40	200
		13.2 What improvements have you personally contributed to in underwriting, claims, customer service, risk management, or insurance operations? Please provide relevant supporting evidence to support your answer.	40	
		13.3 Describe a challenging insurance or claims situation that you successfully resolved. Please provide relevant supporting evidence to support your answer.	40	
		13.4 What measurable results demonstrate your professional contribution and impact? Please provide relevant supporting evidence to support your answer.	40	
		13.5 Why should you be recognized as an outstanding Motor Insurance Professional? Please provide relevant supporting evidence to support your answer.	40	

14. FINANCE INDUSTRY

No	Category	Criteria	Marks	Full Marks
14	FINANCE INDUSTRY	14.1 Describe your professional experience in vehicle finance, leasing, banking, or automotive financial services. Please provide relevant supporting evidence to support your answer.	40	200
		14.2 What improvements or innovative financial solutions have you personally introduced or contributed to? Please provide relevant supporting evidence to support your answer.	40	
		14.3 Describe a challenging customer or financial situation that you successfully managed. Please provide relevant supporting evidence to support your answer.	40	
		14.4 What measurable results demonstrate your contribution to customer service, business growth, portfolio growth, or financial performance? Please provide relevant supporting evidence to support your answer.	40	
		14.5 Why should you be recognized as an outstanding Automotive Finance Professional? Please provide relevant supporting evidence to support your answer.	40	

15. AUTOMOBILE MEDIA & PUBLICITY

No	Category	Criteria	Marks	Full Marks
15	AUTOMOBILE MEDIA & PUBLICITY	15.1 Describe your professional experience in automobile media, journalism, content creation, publicity, or digital communication. Please provide relevant supporting evidence to support your answer.	40	200
		15.2 What significant automotive media project, campaign, program, publication, or content have you created or led? Please provide relevant supporting evidence to support your answer.	40	
		15.3 How have you contributed to public awareness, consumer education, road safety, or the development of Sri Lanka's automobile industry? Please provide relevant supporting evidence to support your answer.	40	
		15.4 What measurable audience reach, engagement, influence, recognition, or industry impact have you achieved? Please provide relevant supporting evidence to support your answer.	40	
		15.5 Why should you be recognized as an outstanding Automobile Media & Publicity Professional? Please provide relevant supporting evidence to support your answer.	40	

16. TRANSPORT SERVICES (RIDE-HAILING/RENT A CAR/BUS SERVICE) (200)

No	Category	Criteria	Marks	Full Marks
16	TRANSPORT SERVICES (RIDE-HAILING/RENT A CAR/BUS SERVICE)	16.1 Describe your role and professional experience in transport, taxi, ride-hailing, rental, logistics, bus, courier, or related services. Please provide relevant supporting evidence to support your answer.	40	200
		16.2 How have you personally contributed to improving safety, reliability, punctuality, vehicle quality, or customer service? Please provide relevant supporting evidence to support your answer.	40	
		16.3 What technologies, digital systems, or operational methods have you used or introduced to improve service performance? Please provide relevant supporting evidence to support your answer.	40	
		16.4 What measurable achievements have you achieved in customer satisfaction, operational efficiency, safety, service growth, or fleet performance? Please provide relevant supporting evidence to support your answer.	40	
		16.5 Why should you be recognized as an outstanding Transport Services Professional? Please provide relevant supporting evidence to support your answer.	40	

17. DRIVING SCHOOLS (200)

No	Category	Criteria	Marks	Full Marks
17	DRIVING SCHOOLS	17.1 Describe your professional experience in driver training, driving education, and road-safety development. Please provide relevant supporting evidence to support your answer.	40	200
		17.2 What innovative training methods, technology, simulators, or educational approaches have you introduced? Please provide relevant supporting evidence to support your answer.	40	
		17.3 How have you contributed to defensive driving, responsible driving, road safety, and accident prevention? Please provide relevant supporting evidence to support your answer.	40	
		17.4 What measurable learner achievements, training outcomes, or road-safety impacts have resulted from your work? Please provide relevant supporting evidence to support your answer.	40	
		17.5 Why should you be recognized as an outstanding Driving Education Professional? Please provide relevant supporting evidence to support your answer.	40	

18. BEST EMISSIONS TESTING CENTER (200)

No	Category	Criteria	Marks	Full Marks
18	BEST EMISSIONS TESTING CENTER	18.1 Describe your role, technical expertise, and experience in vehicle emissions testing. Please provide relevant supporting evidence to support your answer.	40	200
		18.2 How do you ensure testing accuracy, reliability, calibration, transparency, and compliance? Please provide relevant supporting evidence to support your answer.	40	
		18.3 What technical improvements, innovations, or service improvements have you personally introduced? Please provide relevant supporting evidence to support your answer.	40	
		18.4 What measurable contribution have you made toward reducing vehicle emissions and improving environmental awareness? Please provide relevant supporting evidence to support your answer.	40	
		18.5 Why should you be recognized as an outstanding Emissions Testing Professional? Please provide relevant supporting evidence to support your answer.	40	

19. SUPPLY CHAIN INDUSTRY (SPARE PARTS, PAINT, LUBRICANTS, CAR CARE, ETC.) (200)

No	Category	Criteria	Marks	Full Marks
19	SUPPLY CHAIN INDUSTRY (SPARE PARTS, PAINT, LUBRICANTS, CAR CARE, ETC.)	19.1 Describe your professional role and experience in automotive supply chain, distribution, spare parts, logistics, procurement, or inventory management. Please provide relevant supporting evidence to support your answer.	40	200
		19.2 What significant supply-chain problem have you solved or improvement have you introduced? Please provide relevant supporting evidence to support your answer.	40	
		19.3 What digital systems, technologies, forecasting methods, logistics solutions, or inventory systems do you use? Please provide relevant supporting evidence to support your answer.	40	
		19.4 What measurable improvements have you achieved in availability, delivery time, efficiency, customer satisfaction, cost, or market coverage? Please provide relevant supporting evidence to support your answer.	40	
		19.5 Why should you be recognized as an outstanding Automotive Supply Chain Professional? Please provide relevant supporting evidence to support your answer.	40	

20. AUTO INNOVATION & TECHNOLOGY (200)

No	Category	Criteria	Marks	Full Marks
20	AUTO INNOVATION & TECHNOLOGY	20.1 Describe the automotive innovation, technology, product, service, AI solution, engineering solution, digital platform, or business concept you have developed or significantly contributed to. Please provide relevant supporting evidence to support your answer.	40	200
		20.2 What specific automotive industry or customer problem does your innovation solve, and what makes the solution unique? Please provide relevant supporting evidence to support your answer.	40	
		20.3 What measurable improvements in efficiency, safety, sustainability, productivity, quality, cost, revenue, or customer experience have resulted? Please provide relevant supporting evidence to support your answer.	40	
		20.4 What major challenges did you face while developing or implementing the innovation, and how did you overcome them? Please provide relevant supporting evidence to support your answer.	40	
		20.5 What are your future plans for developing, scaling, commercializing, or expanding the innovation? Please provide relevant supporting evidence to support your answer.	40	

7.1 Performance for Individual

1. PROFESSIONAL PROFILE & CAREER EXPERIENCE	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
1.1 Please introduce yourself and describe your professional career and experience in the automobile industry.	20				
1.2 What is your current position, organization, and primary area of professional responsibility?	20				
1.3 How many years of experience do you have in the automobile industry, and what are your main areas of expertise?	20				
1.4 What major professional milestones have shaped your career?	20				
1.5 What distinguishes your professional knowledge, skills, experience, and expertise from others in your field?	20				

2. LEADERSHIP & PROFESSIONAL EXCELLENCE	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
2.1 Describe the leadership responsibilities you have undertaken during your professional career.	20				
2.2 How have you demonstrated professionalism, discipline, accountability, integrity, and responsibility in your work?	20				
2.3 Describe a challenging professional situation where you took responsibility, made an important decision, and achieved a positive result.	20				
2.4 How have you guided, motivated, trained, mentored, or supported colleagues, employees, apprentices, students, or other professionals?	20				
2.5 What evidence demonstrates your leadership and professional excellence?	20				

3. QUALIFICATIONS & CONTINUOUS PROFESSIONAL DEVELOPMENT	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
3.1 What academic, professional, technical, or vocational qualifications have you obtained?	20				
3.2 What professional training, certifications, workshops, seminars, or technical programs have you completed during the last three years?	20				
3.3 How do you continuously develop your technical knowledge and professional skills?	20				
3.4 How do you keep yourself updated with modern automotive technologies, EVs, hybrids, electronics, diagnostics, safety standards, and industry developments?	20				
3.5 How have your qualifications and professional development improved your performance and contribution to the automobile industry?	20				

4. MAJOR ACHIEVEMENTS & RECOGNITION	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
4.1 What are your most significant achievements during the last three years? Include any awards, recognitions, promotions, major projects, technical achievements, innovations, or measurable outcomes	20				
4.2 What is the most significant professional achievement you have personally delivered, and what impact did it create?	20				
4.3 What measurable results have you achieved through your professional work?	20				
4.4 What awards, recognitions, certifications, competitions, promotions, or industry acknowledgements have you received?	20				
4.5 What evidence can you provide to verify your major professional achievements?	20				

5. CONTRIBUTION TO SRI LANKA'S AUTOMOBILE INDUSTRY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
5.1 How have you contributed to the development of Sri Lanka's automobile industry? Share any specific initiatives, training programs, technical knowledge sharing, mentorship, or industry development activities you have provided.	20				
5.3 Have you trained, mentored, guided, or supported apprentices, students, technicians, employees, or young professionals? Describe your contribution and impact.	20				
5.4 Have you participated in industry associations, technical committees, conferences, exhibitions, competitions, workshops, educational programs, or other industry development activities?	20				
5.5 What specific contribution do you believe has created the greatest impact on the future development and professionalization of Sri Lanka's automobile industry?	20				

6. INTEGRITY, ETHICS & PROFESSIONAL RESPONSIBILITY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
6.1 How do you maintain honesty, integrity, transparency, accountability, and ethical conduct in your professional activities?	20				
6.2 How do you handle professional pressure, conflicts of interest, customer complaints, mistakes, or ethical challenges?	20				
6.3 How do you ensure that your professional decisions comply with safety requirements, technical standards, regulations, and industry practices?	20				
6.4 How do you maintain customer trust and professional confidentiality?	20				
6.5 Describe an example where your professional integrity or ethical decision-making created a positive outcome.	20				

7. QUALITY, SAFETY & CONTINUOUS IMPROVEMENT	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
7.1 How do you ensure high standards of quality, accuracy, safety, and reliability in your professional work?	20				
7.2 Describe a quality, technical, safety, or process improvement that you personally introduced or significantly contributed to.	20				
7.3 What specific problem or risk did the improvement address?	20				
7.4 What measurable results were achieved through the improvement?	20				
7.5 How do you identify technical problems, mistakes, inefficiencies, or risks and implement corrective action?	20				

8. INNOVATION, TECHNOLOGY & DIGITALIZATION	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
8.1 What innovative ideas, technical solutions, technologies, or processes have you personally developed or contributed to?	20				
8.2 What specific problem or opportunity did your innovation address?	20				
8.3 What modern diagnostic tools, software, digital systems, automation, AI, EV/hybrid technology, or advanced automotive technologies do you use?	20				
8.4 How have technology and innovation improved your professional performance?	20				
8.5 What measurable results or impact have been achieved through your innovation or use of technology?	20				

9. COMMUNICATION, TEAMWORK & CUSTOMER SERVICE	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
9.1 How do you maintain effective communication with customers, colleagues, management, suppliers, trainees, and other industry stakeholders?	20				
9.2 Describe a situation where teamwork or effective communication helped you achieve an important professional result.	20				
9.3 How do you handle difficult customers, complaints, technical disagreements, or workplace conflicts?	20				
9.4 How do you contribute to teamwork, knowledge sharing, mentoring, and a positive professional environment?	20				
9.5 What evidence demonstrates your ability to build trust and maintain strong professional relationships?	20				

10. FUTURE VISION & INDUSTRY IMPACT	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
10.1 What has been the most significant impact of your professional career on your organization, customers, colleagues, or the automobile industry?	20				
10.2 What are your major professional goals for the next three to five years?	20				
10.3 How do you plan to contribute further to the development and modernization of Sri Lanka's automobile industry?	20				
10.4 What professional legacy do you aim to create within the automobile industry?	20				
10.5 Why do you believe you deserve to be recognized as a winner of the International Automobile Industry Awards 2027? Provide an evidence-based justification.	20				

SECTION 02 – CATEGORY-SPECIFIC INDIVIDUAL QUESTIONS

1. TWO-WHEELER ASSEMBLY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
1.1 Describe your role, responsibilities, and technical expertise in two-wheeler assembly.	40				
1.2 What major technical, production, quality, safety, or efficiency improvement have you personally introduced or contributed to?	40				
1.3 Describe a significant technical or production challenge you solved and the result achieved.	40				
1.4 What measurable achievements have you achieved in two-wheeler assembly during the last three years?	40				
1.5 Why should you be recognized as an outstanding Two-Wheeler Assembly Professional?	40				

2. FOUR-WHEELER ASSEMBLY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
2.1 Describe your role, responsibilities, and technical expertise in four-wheeler assembly.	40				
2.2 What major manufacturing, quality, automation, safety, or efficiency improvement have you personally introduced or contributed to?	40				
2.3 Describe a significant production or technical challenge you successfully solved.	40				
2.4 What measurable achievements have you achieved in four-wheeler assembly during the last three years?	40				
2.5 Why should you be recognized as an outstanding Four-Wheeler Assembly Professional?	40				

3. SERVICE INDUSTRY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
3.1 Describe your professional role, technical specialization, and experience in the automobile service industry.	40				
3.2 What major technical, service-quality, diagnostic, or customer-service improvement have you personally introduced?	40				
3.3 Describe the most difficult technical or service problem you have successfully solved.	40				
3.4 What measurable achievements have you achieved in service quality, customer satisfaction, productivity, turnaround time, or business performance?	40				
3.5 Why should you be recognized as an outstanding Service Industry Professional?	40				

4. MECHANICAL REPAIR INDUSTRY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
4.1 Describe your specialization and professional experience in automotive mechanical repair.	40				
4.2 What complex mechanical repair or technical problem have you successfully solved?	40				
4.3 What advanced tools, diagnostic equipment, technologies, or repair methods distinguish your work?	40				
4.4 What measurable improvements or achievements have you delivered during the last three years?	40				
4.5 Why should you be recognized as an outstanding Mechanical Repair Professional?	40				

5. ELECTRICAL/ELECTRONIC INDUSTRY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
5.1 Describe your expertise in automotive electrical, electronic, ECU, diagnostic, hybrid, EV, battery, or related systems.	40				
5.2 Describe a complex electrical/electronic problem you successfully diagnosed and resolved.	40				
5.3 What advanced diagnostic technologies, software, tools, or innovative solutions do you use or have introduced?	40				
5.4 What measurable achievements or technical improvements have resulted from your work?	40				
5.5 Why should you be recognized as an outstanding Automotive Electrical/Electronic Professional?	40				

6. ACCIDENT REPAIR INDUSTRY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
6.1 Describe your professional experience and specialization in accident, collision, body, structural, or restoration repair.	40				
6.2 Describe a challenging accident repair project you successfully completed.	40				
6.4 What measurable achievements have you delivered in repair quality, safety, turnaround time, customer satisfaction, or productivity?	40				
6.5 Why should you be recognized as an outstanding Accident Repair Professional?	40				

7. COMPONENT MANUFACTURERS	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
7.1 Describe your role, technical expertise, and experience in automotive component manufacturing	40				
7.2 What significant manufacturing, engineering, quality, automation, or production improvement have you personally introduced?	40				
7.3 Describe a major technical or manufacturing challenge you successfully solved.	40				
7.4 What measurable achievements have resulted from your contribution?	40				
7.5 Why should you be recognized as an outstanding Component Manufacturing Professional?	40				

8. PAINT PROCESS INDUSTRY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
8.1 Describe your professional experience and specialization in automotive painting and refinishing.	40				
8.2 What modern paint technologies, colour-matching systems, equipment, or techniques do you use?	40				
8.3 Describe a technically challenging painting/refinishing project you successfully completed.	40				
8.4 What measurable improvements have you achieved in quality, colour accuracy, productivity, environmental performance, or customer satisfaction?	40				
8.5 Why should you be recognized as an outstanding Paint Process Professional?	40				

9. TOWING AND RECOVERY INDUSTRY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
9.1 Describe your experience and specialization in towing, roadside assistance, and vehicle recovery.	40				
9.2 Describe a challenging recovery operation you successfully completed and explain how you managed the risks involved.	40				
9.3 What equipment, technology, safety systems, or operational methods do you use?	40				
9.4 What measurable achievements have you delivered in response time, safety, reliability, customer satisfaction, or service performance?	40				
9.5 Why should you be recognized as an outstanding Towing & Recovery Professional?	40				

10. MOTOR SPORT INDUSTRY	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
10.1 Describe your role, experience, and area of specialization in motorsport.	40				
10.2 What are your most significant motorsport achievements, competition results, championships, recognitions, or milestones during the last three years?	40				
10.3 What technical, engineering, driving, performance, or management improvements have you introduced?	40				
10.4 How have you contributed to developing motorsport talent, technical skills, youth participation, or the Sri Lankan automobile industry?	40				
10.5 Why should you be recognized as an outstanding Motorsport Professional?	40				

11. EDUCATIONAL INSTITUTES	Max Available Marks	Evidence Attach 20%	Alignment Of Answer (100 words Text Box) 50%	In use (Evidence/ Attach) 30%	Total Marks
11.1 Describe your role and experience in automotive education, vocational training, or technical skills development.	40				
11.2 What innovative teaching methods, training programs, technical facilities, or learning systems have you introduced?	40				
11.3 How have you developed industry-ready skills among students, apprentices, trainees, or young professionals?	40				
11.4 What measurable achievements or outcomes demonstrate the impact of your training and educational contribution?	40				
11.5 Why should you be recognized as an outstanding Automotive Education/Training Professional?	40

8. Additional Considerations

Note on Public Voting

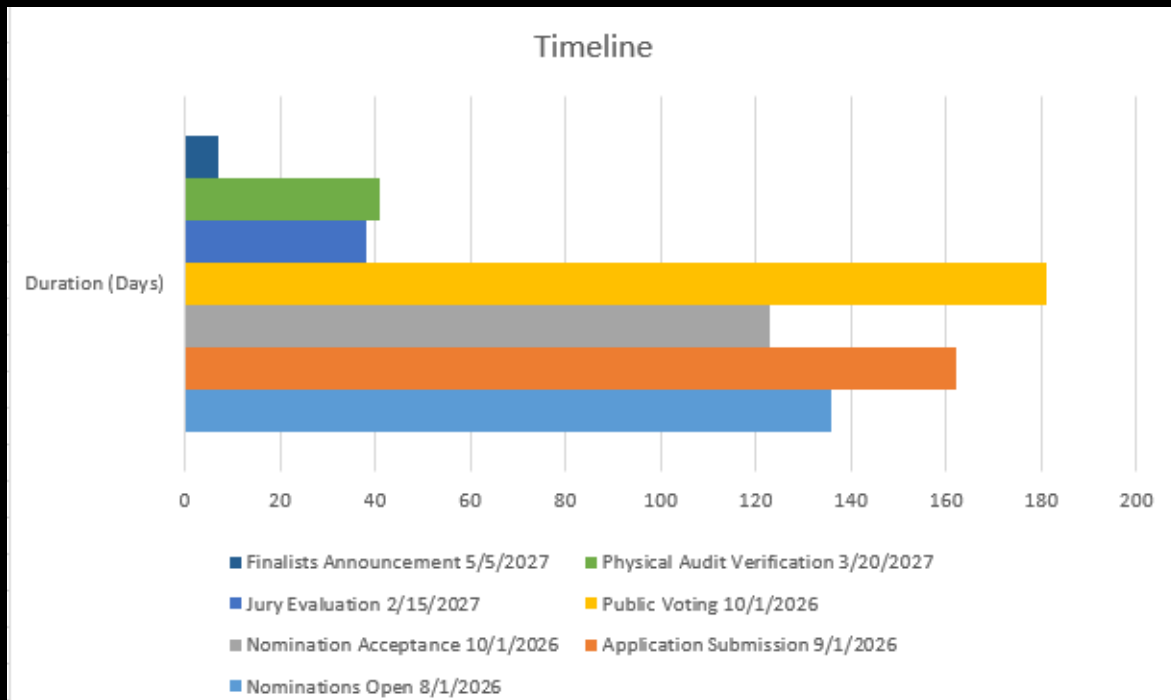

- In addition to the official jury evaluation conducted by the National Productivity Secretariat (NPS), industry professionals, and the Sri Lanka Institute of Marketing (SLIM), a Public Voting Component will also be introduced where applicable.
- Marks from public voting (through official social media posts / official website) will be considered as part of the evaluation.
- While the jury's professional assessment will carry the highest or at minimum a balanced weight, public engagement and votes will influence the final outcome.
- The Final Decision will be announced by the Awards Jury Panel, taking into account both the official marking scheme and the public voting results.

9. Application Process

- Applications are submitted online through the official portal <https://www.automobile-awards.com/categories.php> and simultaneously linked to www.aicsrilanka.com. Applicants must provide organization details, category selection, and supporting documents. A unique registration code will be issued upon application.

10. Timeline & Activity Flow

- | | | |
|-------------------------------|---|-----------|
| • Nominations Open | - | 1/8/2026 |
| • Application Submission | - | 1/9/2026 |
| • Nomination Acceptance | - | 1/10/2026 |
| • Public Voting | - | 1/10/2026 |
| • Jury Evaluation | - | 15/2/2027 |
| • Physical Audit Verification | - | 20/3/2027 |
| • Finalists Announcement | - | 5/5/2027 |

11. Complaints & Appeals

- Participants may file appeals within 7 days of on-site evaluation. All complaints will be reviewed by the Appeals Committee, and decisions of the committee appointed will be final.

12. Announcement of Winners & Ceremony

- Results will be officially announced on the awards website and at the International Awards Ceremony. Certificates and trophies will be distributed at the ceremony.

13. Post-Award Activities

- Winners and participants must submit an annual self-evaluation report.
- Participation in Best Practice Sharing Conferences is encouraged.
- Organizations are expected to continuously improve and contribute to industry standards.
